DETAILS ARE THE DIFFERENCE BETWEEN ORDINARY AND EXCELLENCE

Weir Concepts offers technical consulting and provides a total end to end solution.

WCM50 AND WCM35 HYDRAULIC ACTUATORS Drive cases made from durable, light-weight cast aluminum come standard.

Ideal for low temp and sour service conditions

FEATURES - design improvements

1. Partial Nemur pad for limit switch installation
2. Bolted toggle latch for ease of repair
3. Travel stop cap provides static seal eliminating thread leaks
4. Two flats on drive shaft to allow for re-orientation of actuator without new hardware
5. One piece of solid Delrin guide:
 - Eliminates piston rod slack allowing for smoother operation
6. O-ring piston seals have a longer piston life and are simple to replace
